CLASS MOTTO

I cannot know what I will find now as I leave today behind I cannot know what path I'll take,
what choices I will have to make The friends I'll meet the sights I'll see The choices
that may come to me. I only know I want to try to travel far and reach up high To open every
beckoning door To do things never done before. I only know I want to give my best my
all each day I live.
